Joseph H. Rudoler

jhrudoler@gmail.com @JRudoler jrudoler Website Scholar

Education

University of Pennsylvania

2023 – **Ph.D., Statistics and Data Science**, *The Wharton School*
Advisor: Giles Hooker

2021 – 2023 **M.S.E., Data Science**, *School of Engineering and Applied Science*
Thesis title: Transfer learning to improve memory state classification from EEG. Thesis advisors: Konrad Körding and Michael Kahana

2016 – 2020 **B.A., Physics and Astronomy (*Magna Cum Laude*)**, *School of Arts and Sciences*
Minors: English, Music

Employment

Computational Memory Lab, U. of Penn.

2021 – 2023 **Data and Programming Specialist**
Staff data scientist, managing data pipelines, software development

2020 – 2021 **Clinical Research Specialist**
Coordinating multi-site project, collecting iEEG data from epilepsy patients, maintaining clinical imaging and electrode localization pipeline

Radian Group, Inc.

2019 **Pricing Intern**
Developing pricing models for mortgage insurance premiums, efficient data processing, dashboards / data visualizations

Teaching

2026 **STAT4730/7730, Data Science with ChatGPT**
Teaching Assistant
Undergraduate and MBA course on data analysis with LLMs.

2025 – **STAT4010, Sports Analytics Capstone**
Teaching Assistant
Undergraduate capstone in statistical analysis of sports data.

2025 **US-Israel Academic Bridge Fellowship: Data Science Track**
Instructor
Designed and taught a 5-week summer course in statistics and data science for Israeli undergraduate exchange students. New curriculum emphasizes sampling variability and computational approaches.
Course site: https://jrudoler-teaching.github.io/understanding-uncertainty/

2023 – **STAT6130, Regression Analysis for Business**
Teaching Assistant
MBA core curriculum course on statistical foundations and regression

2023 – 2025 **Wharton Moneyball Academy**
Lecturer
Summer course for high school students in sports analytics and data science

Teaching (continued)

2021	**Estes Summer Workshop in Model-based Cognitive Electrophysiology** *Lecturer* 2-week summer course, mostly for doctoral and postdoctoral researchers, in analyzing EEG data to study behavior. Wrote new lecture materials focusing on analyzing periodic and aperiodic components of EEG.
2019 – 2020	**CIS105, Computational Data Exploration** *Tutor (individual)*
2017 – 2019	**PHYS150/151, Physics I (Mechanics) and II (Electricity & Magnetism)** *Tutor (open office hours)*

Research

In Preparation

1. **Rudoler**, **J. H.**, Asemota, A., & Hooker, G. (2026). *Targeted learning for inference on data fairness* [Manuscript in preparation].
2. **Rudoler**, **J. H.**, DeHaan, R., Kording, K. P., & Dobriban, E. (2026). *Do we decode better than chance? Efficient hypothesis testing for neural decoders* [Manuscript in preparation].

Preprints

1. **Rudoler**, **J. H.**, Tan, K., Tessler, B., Kong, T., & Boix Adserà, E. (2026, September 28). *Improving scalable oversight with co-trained monitors*. arXiv: 2609.36049 [cs.LG]. https://doi.org/10.48550/arXiv.2609.36049

Peer-Reviewed Papers

1. **Rudoler**, **J. H.**, Saxe, A. M., & Kording, K. (2026). Weight space gradient descent induces approximate activity descent, making learning rules testable. *NeurIPS 2026 Workshop on Symmetry and Geometry in Neural Representations (NeurReps), Extended Abstract Track*. [Accepted].

Awards, Funding, and Certifications

Awards and Honors

2026 **Donald S. Murray Prize for Excellence in Teaching**
Statistics and Data Science Department, The Wharton School.

2023 **Honorable Mention for Best Thesis**, M.S.E. in Data Science.

2022 **Finalist, NFL Big Data Bowl**, team competition in sports analytics.

2017 – 2020 **Dean's List**, U. of Penn.

Funding and Fellowships

2026 – 2028 **Susquehanna PhD Fellowship**, Susquehanna International Group, LLP.
Two-year fellowship supporting doctoral research in statistics, data science, and AI.

2026 **Wharton AI & Analytics Initiative Funding**
Teaching statistics and data science from first principles: a data-oriented, AI-enabled course (with Adi Wyner).

2025 – 2026 **Tel Aviv University Research Fellowship for Outstanding International Students**
Visiting research in the Blavatnik School of Computer Science and AI.

2019 **Jeffrey Greenberg Undergraduate Research Fellowship**, U. of Penn.

Certifications

2025 **Certificate in College and University Teaching**
Awarded by Penn's Center for Excellence in Teaching, Learning, and Innovation.
